

DIRECT ACCESS LABORATORY TESTING FORM

I consent to the laboratory diagnostic test indicated below. I accept the responsibility for seeking interpretation of my laboratory tests and do not hold Health First responsible for interpreting my test results.

I understand that medical attention may be needed even if my result(s) are normal. An abnormal result may not necessarily be abnormal for me, as my complete medical history must be considered when interpreting results.

I understand payment for these tests is required at the time of service, and will not be billed to any insurance provider (cash, check, or credit card are accepted). Also, my results will be mailed directly to me within 7 to 10 days and **WILL NOT** be reported to any physician, unless I sign the release form. I also understand that it is my responsibility to contact a physician regarding my test results. If you do not have a physician, please call our Community Engagement Center for a physician referral at (321) 434-2300.

I acknowledge that I have received today or on a prior visit a copy of the Health First Notice of Privacy Practices. I understand that if I have any questions I can contact the HIPAA office at (321) 434-5080.
